- Expertise in policy development, reviews and analyses
- More than 15 years applied experience in strategic planning; change management strategy, proposal writing, project formulation, appraisal and management; feasibility studies and financial analyses, focusing primarily on tropical agricultural enterprises and sustainable development
- Significant research and reporting on environmental assessments, value chain, climates change analyses; and production, productivity and marketing analyses of various business enterprises
- Very familiar with the vernaculars of working with European Union projects and programmes
- 7 years experience coordinating consultation exercises and situational analyses, leading to institutional strengthening and development of position/concept papers and final business plans.
- Worked extensively coaching entrepreneurs, monitoring, evaluating business performances and developed strategies to attract venture capital.
- Analysed Food Security issues of the Caribbean and prepared a draft strategy plan for development of the agricultural sector as commissioned by local international funding organizations
- Experienced in the tropical forest and agriculture of the English and Spanish speaking Caribbean with regard to specialist production systems
- Expert knowledge of the micro and macro economic characteristics of the Caribbean region
- Over 10 years extensive development and agricultural services in consultancy with various organizations, including the European Union (EU), Food and Agricultural Organization of the United Nations (FAO/UN), Inter-American Institute for Corporation on Agriculture (IICA), Caribbean Agricultural Development Institute (CARDI) and Environmental Foundation of Jamaica (EFJ)
- Led several agricultural, environmental and community development project teams.
- Designed and analyzed models, explaining and forecasting economic behaviour and patterns and devised methods for the collection and analyses of data.
- Outstanding communication, report writing, problem solving and organizational skills. Excellent team player, detail oriented and work well independently.
